2024-2025 SUMMARY

TOP LABOR PRIORITIES APPROVED AS PRO-WORKER GA MOVES AGENDA

Trump-proofing, Captive Audience Ban Highlight Wins

Throughout 2024 and 2025, the labor movement's efforts and advocacy in Springfield further solidified Illinois' status as a pro-worker bastion in the Midwest. As workers' rights are under attack federally, Illinois Labor was on the offensive, lobbying for increased worker protections and improved working conditions across all industries statewide.

In 2024, the General Assembly adjourned on May 29th around 4:30am as the Illinois House struggled to pass the state budget. The measure failed to meet the 60-vote requirement during the first two votes but finally passed on the third vote. During the 2024 spring session, labor unions across all sectors joined together to support legislation like SB 3649, the Illinois Worker Freedom of Speech Act, which banned anti-union captive audience meetings. Governor J.B. Pritzker signed SB 3649 into law at the Illinois AFL-CIO Convention on July 31, 2024.

In 2025, Illinois labor fought back against Trump's anti-worker agenda, protecting working people through state policy as the Trump administration dismantled federal workplace protections. Two legislative priorities on this front included SB 1876 and HB 3005. SB 1976, the Illinois Worker Health and Worker Safety Act, which preserves long-established OSHA protections in Illinois regardless of any federal rollbacks. HB 3005 requires the Illinois Department of Labor to provide mediation services to promote positive labor-management relationships for public and private sector workers, if the Federal Mediation and Conciliation Service is cut entirely. Due to a procedural error, the House could not send HB 3005 to the governor following a concurrence vote in the Veto session, but Labor is working with

the General Assembly to fix the issue in the Spring 2026 session. In 2025, the General Assembly also improved the Prevailing Wage Act and expanded collective bargaining protections for public sector workers.

In 2026, Illinois will face incredible budget challenges because of President Trump and Congressional Republicans' drastic cuts to federal programs like SNAP and Medicaid. The impending budget crises and the need to raise new revenue remains top of mind for legislators from all corners of the state. Concerns about the federal impact on Illinois' budget influenced the General Assembly's action, or lack thereof, during the 2025 Spring and Veto sessions.

Thousands of union members across the state joined together in two different coalitions to demand pension reform and public transit funding. The We Are One Illinois coalition advocated tirelessly throughout 2024 and 2025 to address the unjust Tier 2 pensions system. After months of discussion, their compromise proposal passed out of the House Executive Committee. The coalition will continue to push forward this legislation to ensure all public sector employees have the fair retirement they deserve. Meanwhile, the Labor Alliance for Public Transportation advocated for fully funded public transit across Illinois and reforms to create the systems that workers and riders deserve. SB 2111, the transportation package that contained many of the coalition's proposals, passed in the 2025 veto session, dedicating over \$1.5 billion to public transit across the state and \$1 billion for the next tollway capital package.

On the energy front, Climate Jobs Illinois, the coalition of labor unions working to promote pro-worker, pro-climate agenda, supported several pieces of legislation to ensure that the clean energy transition includes good paying, local, union jobs that benefit Illinois communities. In 2024, the General Assembly passed legislation, including a "skinny" energy package, that included new labor standards on transmission work, changes to the Carbon-Free Healthy Schools paperwork process making it easier for schools to take advantage of the program, and removed requirements that delayed the training and implementation process for the Climate Works training hubs, so more pre-apprentices and apprentices can move through these programs. During the 2025 Veto session the General Assembly passed an energy package that included improvements to the Climate Works Pre-Apprenticeship Program, continued funding for utility-scale wind and solar projects that require Project Labor Agreements (PLAs), a change in the megawatt threshold for PLAs on larger-scale utility projects, and PLA and labor peace requirements on battery storage projects.

In October 2025, the Governor announced the largest infrastructure program in Illinois history. The plan dedicates \$50.6 billion over 6 years to improve Illinois highways, roads, bridges, and waterways including over \$400 million for local projects. These funds ensure that Illinois prioritizes necessary upgrades and maintenance to our critical infrastructure using high quality, union labor across Illinois.

The 2024-2025 General Assemblies also included wage increases for critical workers. In 2024, Community Care Program workers received a \$1

2024-2025 SUMMARY

raise bringing their wage to \$18 an hour, and in 2025 lawmakers passed an additional \$0.75 per hour for these workers. This marks a significant step in the right direction to safeguard homecare for seniors in the Community Care Program. Wage increases for homecare workers will help more workers stay in the field, in turn allowing more Illinois seniors to age with dignity in their homes.

Additionally, the 2024 General Assembly passed a \$1 per hour wage increase for Direct Support Professionals and an additional \$0.80 per hour increase in 2025. Of these increases, 75% will go directly to the workers' wage base, while 25% can be used flexibly by employers but must go towards frontline workers' wages. Increases go into effect on the first of the year following passage.

Following years of organizing efforts, Governor Pritzker signed the \$15 an hour minimum wage law in 2019. Since then, Illinois minimum wage workers received incremental wage increases building to \$15 an hour statewide. The final increase included in this law went into effect January 1, 2025.

Voting Record: Key Tool for Political Accountability

The Illinois AFL-CIO Voting Record is the official voting record of Illinois legislators on issues of importance to working families and their unions during 2024-25. The Voting Record is compiled on behalf of the Illinois AFL-CIO Executive Board.

The goal of the Labor Political Program is to educate and mobilize union households and working families to elect allies at all levels of government in order to preserve, protect and advance the cause of working people.

Union leaders, rank-and-file members and labor lobbyists seek to advance economic and social justice through laws, orders, policies, and appointments accomplished through government action.

The Illinois AFL-CIO Voting Record, published every other year, is a key tool in holding politicians accountable.

Union members spend many days, nights, and weekends volunteering their time to elect candidates to public office. It is critical that we hold them accountable for their actions. Endorsements from the Illinois AFL-CIO are earned by supporting issues important to working people – as illustrated in this document. Legislators are given a score based on the level of support for that year and over the course of their term in the General Assembly or Congress.

Since 2012, the Labor Political Program has had more than 1,000,000 conversations with union members and more than 50,000 volunteer shifts have been covered by union members and their families.

Currently, the Illinois Senate has 40 Democrats and 19 Republicans. In the Illinois House, the Democrats also hold a veto-proof supermajority with a 78-40 advantage. Democrats Dick Durbin and Tammy Duckworth are the U.S. Senators representing Illinois. The congressional delegation is made up of 14 Democrats and 3 Republicans. The congressional voting record is compiled by the National AFL-CIO using the most recent votes from its scorecard.

We wish to extend our appreciation to all incumbent lawmakers who supported working families. In making recommendations for endorsement, the legislator's overall record, including previous legislative sessions, committee votes and positions on issues may be considered.

Illinois General Assembly Bills - 2024

1. **SB 3649 – Captive Audience Ban**
Peters (D) / Evans (D)
SUPPORT. Protects employees if they refuse to attend an employer-sponsored meeting on religious or political issues, including anti-union captive audience meetings. **Passed. House 79-30; Senate 39-18; Public Act 103-0722.**
2. **SB 1289 - PLA Carbon Capture**
Fine (D) / A. Williams (D)
SUPPORT. Regulates carbon capture and sequestration and includes incentives for developers to use union labor with project labor agreements on all components of the work. The CCS industry is estimated to create over 14,000 jobs and generate \$3 billion in revenue for Illinois. **Passed. House 78-29; Senate 43-12-2; Public Act 103-0651.**
3. **SB 1996 - Worker Compensation Penalties**
Hoffman (D) / Cunningham (D)
SUPPORT. Provides funding for the Illinois Workers Compensation Commission and allows the Department of Insurance to pursue the collection of penalties and fines for fraudulent WC insurance certificates more efficiently and increase penalties for filing false certificates of WC insurance. **Passed. House 79-29; Senate 44-14; Public Act 103-0590.**
4. **SB 3646 – Child Labor Law Improvements**
Peters (D) / B. Hernandez (D)
SUPPORT. Modernizes and strengthens Illinois' Child Labor Law preventing rollbacks of child labor protections as was done in neighboring states. Updates restricted workplaces for children, limitations on working hours for children, and increases governmental oversight of child workers. **Passed. House 87-26; Senate 55-3; Public Act 103-0721.**
5. **HB 5324 – ULP Timeline Mandates**
Hoffman (D) / Aquino (D)
SUPPORT. Requires the Illinois Labor Relations Board and Illinois Education Labor Relations Board adopt timeliness goals for processing unfair labor practice (ULP) charges, report on the Boards' progress in meeting these goals, and report the number of unresolved ULPs at the end of the fiscal year including the amount of time those cases were pending. **Passed. House 111-0; Senate 58-0; Public Act 103-0856.**
6. **HB 5561 – Whistleblower Protections**
Evans (D) / Castro (D)
SUPPORT. Updates Illinois' Whistleblower Protection Act providing the Office of the Attorney General with stronger tools to protect employees if they first report violations directly to their employer rather than the State. The bill adds immigration-based retaliation to the Act and provides express statutory authority to the OAG to sue employers who retaliate or threaten to retaliate against employee whistleblowers. **Passed. House 71-38; Senate 44-15; Public Act 103-0867.**
7. **SB 15 - CPS Elected School Board**
Harmon (D) / A. Williams (D)
SUPPORT. Established the Chicago Elected School Board creating 20 districts drawn to best represent the area's demographics. The law phases in the fully elected school board with 10 members elected and 10 members and a Board President appointed by the Chicago Mayor in 2024. In 2026, the appointed seats will be elected. **Passed. House 75-31-3; Senate 37-20; Public Act 103-0584.**
8. **SB 2770 – Construction Worker Non-Compete**
Hastings (D) / Evans (D)
SUPPORT. Bans non-compete and non-solicitation agreements for union and non-union construction. **Passed. House 89-24; Senate 44-13; Public Act 103-0921.**
9. **HB 297 – Chicago Principals Interest Arb (lame duck)**
Davis (D) / Preston (D)
SUPPORT. Provided Chicago principals with the right to mandatory interest arbitration when a collective bargaining impasse occurs. Trailer to 2022 legislation which allowed Chicago principals to collectively bargain with a no strike provision. **Passed. House 75-38; Senate 43-11; Public Act 103-1067.**
10. **HB 587 - “Skinny” Energy (lame duck)**
Gabel (D) / Cunningham (D)
SUPPORT. The “skinny” energy package created labor standards for non-incumbent utilities undertaking electrical transmission work in Illinois requiring prevailing wage and apprenticeship standards, ensuring all workers involved in transmission construction receive the same rigorous training and safety protocols, regardless of their employer. The legislation updates procurement policies within the Illinois Power Agency (IPA), including contract certainty and increased flexibility for the IPA to allocate renewable energy credits to expedite projects. HB 597 required the Illinois Commerce Commission to conduct a battery storage workshop beginning 2/1/2025 and provide a study for the General Assembly by 5/1/2025 to determine next steps on battery storage across Illinois. Lastly, the legislation redefines “repowered wind projects” and requires a project labor agreement on these projects to receive renewable energy credits with the Illinois Power Agency. **Passed. House 74-39; Senate 39-16; Public Act 103-1066.**

Illinois General Assembly Bills - 2024

11. HB 2547 – Warehouse Worker Protection

(lame duck)

Olickal (D) / Villanueva (D)

SUPPORT. Creates the Warehouse Worker Protection Act which requires applicable warehouses to provide their workers with written descriptions of the quota expectations and notice of any subsequent quota changes. Employees can request quota information upon belief they were subject to an adverse employment action for not meeting the quota. Includes additional worker protections for record requests. **Passed. House 2023 Vote; Senate 35-15; Vetoed**

12. HB 5083 – Mental Health Worker Protections

Jimenez (D) / Peters (D)

SUPPORT. Expands first responder benefits to mental health worker professionals employed by local governments using co-responder models which dispatch these mental health professionals to certain 911 calls and assist people in crisis. **House 80-27; not called in the Senate.**

13. SB 3208 – Workers Paystub Access

Villa (D) / Avelar (D)

SUPPORT. Requires employers to keep a record of their employees' paystubs for at least 3 years after the date of payment, provide employees with their paystubs when requested (up to 2x per year) and provide paystubs for up to a year following separation. If paystubs are only accessible electronically, employers must provide the last year of an employee's paystubs upon separation. **Passed. House 75-37; Senate 39-18; Public Act 103-0953.**

14. HB 4751 – Transparency in Carbon-Free Public Schools

Walsh (D) / Stadelman (D)

SUPPORT. Clarifies the definition of "confidential information" within the Public Schools Carbon-Free Assessment Program and excludes "program offerings, solar opportunities, health and safety certifications, energy efficiency recommendations, information about transportation and other funding offerings" from redaction. These changes will

increase public transparency, streamline utility reporting, and reduce the administrative burden for school districts to make redactions. **Passed. House 102-10; Senate 54-1; Public Act 103-0684.**

15. HB 5005 – CEJA Instructor Exemptions

Vella (D) / Stadelman (D)

SUPPORT. Exempts instructors who guide pre-apprentices and apprentices through their training at the hubs established in the Climate and Equitable Jobs Act (CEJA) from Illinois Board of Higher Education certification which delays the process of training and program implementation. **Passed. House 90-19; Senate 51-5; Public Act 103-0595.**

16. HB 4488 – Vote by Mail Expansion

West (D) / Morrison (D)

SUPPORT. The elections omnibus bill expands vote-by-mail, repeals campaign contributions caps, and adds new safeguards protecting voter information. **Passed. House 68-38; Senate 51-3-3; Public Act 103-0600.**

Illinois General Assembly Bills - 2025

1. HB 3005 - FMCS

Evans (D) / Peters (D)

SUPPORT. Establishes the Labor Mediation Services Pilot Program within the Illinois Dept of Labor to ensure that any cuts to the Federal Mediation and Conciliation Service (FMCS), which plays a pivotal role in helping unions and employers resolve labor disputes, will not negatively impact Illinois employee and employer relations. **Passed. House 81-25-1; Senate 40-19.** **Due to a procedural error, HB 3005 will NOT be sent to Governor until corrected.**

2. SB 25 - Energy

Stadelman (D) / Hoffman (D)

SUPPORT. The energy omnibus improves the Climate Works Pre-Apprenticeship Program by expanding opportunities to recruit and train underserved communities for careers in the trades. It guarantees continued funding for utility-scale wind and solar projects that require Project Labor Agreements (PLAs) beyond 2027, sustained investment in Illinois's energy infrastructure and supports more union jobs across the state. SB 25 lowers the PLA threshold for community solar projects of 3 megawatts and greater, making sure more of these projects are completed by union workers, and increases the project size for community solar to 10 megawatts, paving the way for larger-scale clean energy developments and more family-sustaining employment opportunities. Finally, SB 25 requires PLAs and Labor Peace Agreement provisions for Battery Storage projects and the Thermal Energy pilot program. **Passed. House 70-37; Senate 37-22.**

3. SB 1976 - Illinois Workers' Rights & Worker Safety Act

Peters (D) / Evans (D)

SUPPORT. The Illinois Workers Rights and Worker Safety Act will ensure that Illinois keeps the long-established worker protections under the

federal Fair Labor Standards Act, Federal OSHA, and Federal Coal Mine Health and Safety Act. The legislation requires IDOL to adopt a rule if the federal government repeals, revokes, modified, or re-interprets a federal standard under these three acts using the standard prior to April 28, 2025, as the floor. SB 1976 passed the House on a bipartisan roll call. **Passed. House 80-32; Senate 38-19-1; Public Act 104-0161.**

4. HB 1189 - Prevailing Wage - Davis Bacon

Hoffman (D) / Belt (D)

SUPPORT. Requires payment of the higher rate between Davis Bacon and IL prevailing wage rate on federal construction projects administered by state or local governments. **Passed. House 82-28-1; Senate 40-18; Public Act 104-0160.**

5. SB 453 - Interest Arbitration Expansion

Guzman (D) / Johnson (D)

SUPPORT. Expands interest arbitration in the Illinois Public Labor Relations Act (IPLRA) for first contracts following the certification of a bargaining unit. Upon certification, employers have intentionally avoided settling the first contract, diminishing union morale and resources in an effort to break up the union. SB 453 will now give bargaining units an alternative route to settling first contracts. **Passed. House 82-33; Senate 39-16. Public Act 104-0358.**

6. HB 1586 - State Employees Merit Based Benefits

Gonzalez (D) / Castro (D)

SUPPORT. Unless prohibited by the federal government, state employees will continue to administer certain federal programs subject to Central Management Services jurisdiction that require selection based on merit. **Passed. House 82-33; Senate 56-0; Public Act 104-0190.**

7. SB 1344 - Prevailing Wage Expansion and Compliance

Halpin (D) / Vella (D)

SUPPORT. Codified that CCTV sewer inspections are covered by the Prevailing Wage Act, and made two administrative changes: creates civil penalties for failure to file certified payroll (up to \$1,000 for the first violation and up to \$2,000 for subsequent violations), and states that penalties owed to IDOL for PW violations will be directed into the Employee Classification Fund for administration and enforcement of Employee Classification Act and Prevailing Wage Act. **Passed. House 87-30; Senate 45-11; Public Act 104-0023.**

8. HB 2409 - PFAS Firefighting Equipment

Kelly (D) / Villivalam (D)

SUPPORT. Phases out the use of PFAS (forever chemicals) in personal firefighting equipment and protective gear that have been linked to serious health consequences. The legal sale and distribution of equipment with these harmful chemicals will be prohibited by Jan. 1, 2030. **Passed. House 114-0; Senate 58-0; Public Act 104-0221.**

9. HB 3046 - University Bargaining

Chung (D) / Turner (D)

SUPPORT. HB 3046 (Chung/Turner): Allows state universities to collectively bargain and agree to provisions which enhance employees' rights. **Passed. House 83-30; Senate 55-0; Public Act 104-0268.**

10. HB 2947 - Casino Worker Licensing

Rita (D) / Castro (D)

SUPPORT. Alters casino licensing for nongaming employees allowing Illinois casinos to hire staff more quickly and respects previous legislation expanding nongaming casino employment opportunities to justice-involved individuals. **Passed. House 114-0; Senate 57-0; Public Act 104-0255.**

Illinois General Assembly Bills - 2025

11. SB 28 - Teacher Evaluations

Lightford (D) / Faver Dias (D)

SUPPORT. Removes the requirement for student test scores to be a component in teacher evaluations, bringing the decision back to the local school district. **Passed. House 92-21; Senate 54-0; Public Act 104-0020.**

12. HB 2772 - Women's Sports ISFA

Delgado (D) / Villanueva (D)

SUPPORT. Amends the Illinois Sports Facilities Act to include "all professional sports" in the definition of sports facilities, allowing women's sports to be considered in any discussion of public funding for stadiums. **Passed. House 98-15; Senate 57-0; Public Act 104-0246.**

13. SB 212 - Nursing Mothers Paid Break

Fine (D) / Stuart (D)

SUPPORT. Requires employers to provide 30 minutes of paid break time for nursing mothers to pump at work. Employers may not require employees to use paid leave time during these breaks. **Passed. House 82-27; Senate 50-3-1; Public Act 104-0076.**

14. SB 328 - Hazardous Materials Exposure

Harmon (D) / Hoffman (D)

SUPPORT. Allows workers exposed to hazardous materials on the job to sue the companies that caused the harm regardless of whether the company is headquartered in Illinois. **Passed. House 77-40; Senate 37-19; Public Act 104-0352.**

U. S. Senate Bills / Votes - 2022

1. Postal Service Reform Act (H.R. 3076)

Eliminates the mandate that the Postal Service pre-fund its retiree health care benefits decades in advance, a requirement levied on no other public or private agency. Second, it adopts private sector best practices by maximizing the integration of postal annuitants into Medicare – a program the Postal Service and its workers have contributed over \$34 billion. Additionally, the legislation codifies the mandate to provide six-day mail delivery. **SUPPORT / PASSED**

2. Nomination of David Weil to be Administrator of Wage and Hour Division, DOL

AFL-CIO supported the nomination of David Weil to be Administrator of the U.S. Department of Labor's Wage and Hour Division. **SUPPORT / FAILED**

3. COVID Supplemental Appropriations Act (H.R. 4373)

Failure to enact this legislation would deny millions of people the vaccines and treatments that are necessary to save lives, keep children in schools, and allow workers to stay on the job. Unfortunately, the COVID threat remains – it still claims lives and takes a toll on our economy. **SUPPORT / FAILED**

4. Nomination of Judge Ketanji Brown Jackson to the United States Supreme Court

The AFL-CIO supported the confirmation of United States Judge Ketanji Brown Jackson to serve on the United States Supreme Court. Her nomination reflected President Biden's promise to appoint highly qualified judges and to expand diversity on the federal bench. **SUPPORT / PASSED**

5. Federal Reserve Nomination of Dr. Lisa DeNele Cook

The AFL-CIO supported the nomination of Dr. Cook, who is a highly respected economist, has served as an economic advisor to President Obama and held visiting appointments at four Federal Reserve Regional Banks. **SUPPORT / PASSED**

6. Federal Reserve Nomination of Dr. Philip Jefferson

The AFL-CIO supported the nomination of Dr. Jefferson, who brings valuable experience and expertise to the Board. Dr. Jefferson has worked at the Federal Reserve twice, once as an economist in the Board's monetary affairs division and later as a research assistant in the fiscal analysis department. **SUPPORT / PASSED**

7. CHIPS and Science Act (H.R. 4346)

CHIPS Act of 2022, which contains \$52 billion for investment in domestic semiconductor funding, including \$2 billion in funding for production of mature semiconductor technologies in the United States that are necessary to the production of cars, trucks, and agricultural equipment. **SUPPORT / PASSED**

8. Inflation Reduction Act (H.R. 5376)

By making historic investments in domestic energy production and manufacturing, bringing down the cost of prescription drugs and expanding coverage under the Affordable Care Act, this bill offers our country a real chance to build a safer, healthier, and cleaner future. **SUPPORT / PASSED**

9. Lisa M. Gomez Assistant Secretary for the Employee Benefits Security Administration (EBSA) at the U. S. Dept. of Labor

AFL-CIO supported the nomination of Lisa Gomez to be Assistant Secretary for the Employee Benefits Security Administration (EBSA) at the U.S. Department of Labor. **SUPPORT / PASSED**

10. Respect for Marriage Act (H.R. 8404)

This legislation is essential to securing marriage equality for same-gender couples, as well as the marriages of individuals of different races, ethnicities or national origin. The bill would enshrine into law the diversity and inclusivity of the US. Marriages, whether same-gender or interracial, or of people of different ethnicities and nationalities, would be protected under federal law, and states would be required to recognize them. **SUPPORT / PASSED**

11. Rail Workers Sick Leave (H. Con. Res. 119)

Unlike many workers, railroad employees are not guaranteed a single paid sick day. This resolution provides for seven days of sick leave for railroad employees. **SUPPORT / FAILED**

12. Consolidated Appropriations Act of 2023 (H.R. 2317)

This omnibus package provides a much needed increase in non-defense discretionary funding and critical investments in Medicaid, education, children's health and worker protection programs. After nearly 10 years, the National Labor Relations Board (NLRB) will finally receive a desperately needed boost in funding. The bill also includes increased funding for Registered Apprenticeships, projects authorized by the Infrastructure Investment and Jobs Act, and funds to implement the CHIPS and Science Act of 2022. It also includes the Pregnant Workers Fairness Act and supplementary funding for the 9/11 World Trade Center Health Program. **SUPPORT / PASSED**

U. S. Senate Bills / Votes - 2023

1. Nomination of Nancy Abudu to the U. S. Court of Appeals for the 11th Circuit

The AFL-CIO supported the confirmation of Nancy Abudu to the U.S. Court of Appeals for the 11th Circuit. With exceptional professional credentials and extensive experience in voting and civil rights litigation, Abudu was a highly qualified judicial nominee. Now confirmed, she brings diversity to the 11th Circuit as the first African American woman and the first person of color from Georgia. **SUPPORT / PASSED**

2. Congressional Review Act resolution to block the Department of Education rule relating to “Waivers and Modifications of Federal Student Loans”

This resolution aimed to overturn President Biden’s student debt relief program addressing the long-standing student debt crisis that hinders economic security for millions. Reversing the bipartisan payment pause and forcing repayment would disproportionately affect those earning less than \$75,000 annually, as they constitute 90% of beneficiaries. The relief has allowed these individuals to begin saving for homes and emergencies. **OPPOSE / PASSED**

3. Nomination of Casey Pitts to the U. S. District Court for the Northern District of California

The AFL-CIO supported the confirmation of Casey Pitts for the U.S. District Court judge position in the Northern District of California. Pitts is a highly respected labor and employment attorney with extensive litigation experience. As an openly LGBTQ+ individual, Pitts also brings diversity to this court. **SUPPORT / PASSED**

4. Nomination of Gwynne A. Wilcox to the National Labor Relations Board (NLRB)

The AFL-CIO supported the reconfirmation of Gwynne A. Wilcox as a member of the NLRB. As the first Black woman to serve on the NLRB, Wilcox has a remarkable history of expertise and commitment to workers’ rights. Since her confirmation, Wilcox has protected workers’ rights, fair labor practices, and a just and equitable workplace. **SUPPORT / PASSED**

5. Nomination of Jessica Looman to be administrator of the Wage and Hour Division of the Department of Labor (DOL)

The AFL-CIO supported the confirmation of Jessica Looman to be administrator of the U.S. DOL’s Wage and Hour Division. The former executive director of the Minnesota State Building and Construction Trades Council, Looman is highly qualified for this position, with a track record of protecting workers. **SUPPORT / PASSED**

6. Prohibit Executive Order 14019, Promoting Access to Voting

This amendment to the Consolidated Appropriations Act of 2024 would prohibit the use of funds to implement or enforce Executive Order 14019, which promotes and expands voting access for millions of Americans by directing federal agencies to consider ways to expand citizens’ opportunities to register to vote and participate in the electoral process. **OPPOSE / FAILED**

7. Nomination of Martin O’Malley to be Social Security Administrator (SSA) commissioner

The AFL-CIO supported the confirmation of Martin O’Malley to lead the SSA, a position that has gone unfilled for over two years. The SSA needs a strong leader, and former Maryland Gov. O’Malley’s experience and demonstrated competence make him a good fit for this position. **SUPPORT / PASSED**

1. Postal Service Reform Act (H.R. 3076)

Eliminates the mandate that the Postal Service pre-fund its retiree health care benefits decades in advance, a requirement asked of no other public or private agency. Second, it adopts private sector best practices by maximizing the integration of postal annuitants into Medicare – a program to which the Postal Service and its workers have contributed over \$34 billion. Additionally, the legislation codifies the mandate to provide six-day mail delivery. *SUPPORT / PASSED.*

2. Honoring Promise to Address Comprehensive Toxins (PACT) Act of 2021 (H.R. 3976)

The PACT Act addresses a number of VA healthcare issues. It extends VA healthcare eligibility to veterans and extends presumptions to conditions relating to burn pit, toxic-exposure and Agent Orange exposure. Veterans will benefit from a simplified eligibility process and VA staff will be able to process their claims without delay. *SUPPORT / PASSED.*

3. FAIR Act (H.R. 963 Amendment #1)

The AFL-CIO opposed the vote for the Fitzgerald Amendment to the FAIR Act as it was a blatantly anti-union amendment that sought to undermine union workers by voiding their negotiated dispute resolution procedures. Collectively bargained arbitration clauses covering contract disputes pose none of the dangers threatened by “agreements” forced on unrepresented, individual employees by their employers as a condition of employment. *OPPOSE / FAILED.*

4. Rights for the Transportation Security Administration Workforce Act (H.R. 903)

The Act would provide TSA officers with the same statutory rights to union representation, due process and fair pay under title 5 of the US code as most other federal workers, including uniformed officers at other Department of Homeland Security agencies. *SUPPORT / PASSED.*

5. National Defense Authorization Act for Fiscal Year 2023 (Amendment #3) (H.R. 7900)

This amendment establishes a contracting preference for contractors who commit to remaining neutral in organizing campaigns, commit to not break strikes, or who have a collective bargaining agreement. *SUPPORT / PASSED.*

6. National Defence Authorization Act for Fiscal Year 2023 (Amendment #454) (H.R. 7900)

This amendment prohibits the Executive Branch from moving competitive service positions to excepted service without the agreement of Congress and prevents the politicization of civil service jobs. *SUPPORT / PASSED.*

7. CHIPS and Science Act (H.R. 4346)

The CHIPS Act of 2022, which contains \$52 billion for investment in domestic semiconductor funding, including \$2 billion in funding for production of mature semiconductor technologies in the United States that are necessary to the production of cars, trucks, and agricultural equipment. *SUPPORT / PASSED.*

8. Inflation Reduction Act (H.R. 5376)

By making historic investments in domestic energy production and manufacturing, bringing down the cost of prescription drugs and expanding coverage under the Affordable Care Act, this bill offers our country a real chance to build a safer, healthier, and cleaner future. *SUPPORT / PASSED.*

9. Presidential Election Reform Act (H.R. 8873)

The Presidential Election Reform Act (H.R. 8873) would help prevent another attempted coup following a Presidential election by ensuring that the electoral votes tallied by Congress accurately reflect each state’s public vote for President. It makes clear that the Vice President does not have the power to accept or reject disputes over electors and that state legislatures cannot override the popular vote in their states. *SUPPORT / PASSED.*

10. Rail Workers Sick Leave (H. Con. Res. 119)

Unlike many workers, railroad employees are not guaranteed a single paid sick day. This resolution provides for seven days of sick leave for railroad employees. *SUPPORT / PASSED.*

11. Veteran Service Recognition Act (H.R. 7946)

This bill would provide vital protections for noncitizen veterans who have served our country with honor. The Act puts forth a series of provisions that would help repatriate our military veterans and prevent the unjust and arbitrary deportation of veterans in the future. *SUPPORT / PASSED.*

12. VA Employee Fairness Act (H. R. 1948)

This bill provides the same collective bargaining rights to tens of thousands of frontline employees at the Department of Veterans Affairs who care for our nation’s veterans as other federal employees at the VA. *SUPPORT / PASSED.*

13. Omnibus Act of 2023 (H.R. 2617)

This omnibus package provides a much needed increase in non-defense discretionary funding and critical investments in Medicaid, education, children’s health and worker protection programs. After nearly 10 years, the National Labor Relations *SUPPORT / PASSED.*

1. **Pandemic is Over Act (H.R. 382)**

House Republicans were determined to stop the federal government's response to COVID-19, despite thousands of lives still being lost every week and ongoing strain on health care workers. The bill would curtail important aspects of the government's response, eliminating access to testing and treatment, and causing millions of Americans to abruptly lose Medicaid coverage. *OPPOSE / PASSED.*

2. **Congressional Review Act Resolution to Block the Dept. of Labor rule relating to "Prudence and Loyalty in Selecting Plan Investments..." (H.R. Res. 30)**

This resolution would have overturned a Department of Labor (DOL) rule that permits private sector retirement plan trustees to consider environmental, social and governance (ESG) factors when selecting retirement investments. The DOL rule is consistent with trustees' fiduciary duties because prudent investment requires the consideration of all relevant information which includes ESG factors. *OPPOSE / PASSED.*

3. **Limit, Save, Grow Act of 2023 (H.R. 2811)**

This bill would slash domestic spending by \$144 billion, cutting vital programs by up to 22%. The cuts would jeopardize Medicaid coverage for 10 million low-income Americans, eliminate food assistance for millions of families and cancel debt relief for 40 million student borrowers. The plan also would jeopardize funds for veterans' medical care, clean energy projects, COVID-19 vaccines and public transit subsidies. *OPPOSE / PASSED.*

4. **Secure the Border Act of 2023 (H.R. 2)**

Rather than uphold humanitarian principles and protect the rights of all workers regardless of immigration status, this punitive immigration bill focuses on deterrence, detention and removal. It would restrict asylum, reduce protections for children,

limit relief options, erode due process, allocate funds for a border wall, cut humanitarian program funding, and support detention and deportation.

OPPOSE / PASSED.

5. **Protecting Taxpayers and Victims of Unemployment Fraud Act (H.R. 1163)**

Rather than targeting intentional fraud, as the Department of Labor Office of Inspector General recommended, this bill would penalize unemployment insurance (UI) recipients for inadvertent errors in program administration. It would suspend the requirement that merit-based public employees administer the UI program for seven years, undermining program stability and expertise.

OPPOSE / PASSED.

6. **Congressional Review Act resolution to block the Dept. of Education rule relating to "Waivers and Modifications of Federal Student Loans" (H.J. Res. 45)**

This resolution aimed at overturning President Biden's student debt relief program would have denied relief from a broken student loan system to 43 million individuals. Ninety percent of the beneficiaries of Biden's program earn less than \$75,000 a year. *OPPOSE / PASSED.*

7. **Regulations from the Executive in Need of Scrutiny Act of 2023 (REINS Act) (H.R. 277)**

The REINS Act is an extreme measure jeopardizing federal agencies' ability to issue important rules that protect workers and the public overall. The bill would mandate congressional approval for all major rules within 70 legislative days, allowing politics, not scientific judgment, to dictate regulatory actions. This legislation is harmful and unnecessary; Congress already has mechanisms to disapprove or block rule implementation without the need for additional, burdensome requirements.

OPPOSE / PASSED.

8. **Separation of Powers Restoration Act of 2023 (H.R. 288)**

This bill would undermine the principle of separation of powers, a fundamental element of our government, by upsetting long-standing principles of judicial review of agency interpretation of laws and regulations. It would prevent courts from deferring to agencies' expert interpretations of ambiguous laws. Instead, it would mandate that courts substitute their own judgment, shifting power to unelected judges and undermining agency expertise. This change could jeopardize public health, safety and financial security. *OPPOSE / PASSED.*

9. **CHOICE Arrangement Act (H. R. 3799)**

This bill would loosen regulation of association health plans, allowing employers to establish plans that fail to provide essential health benefits. It would also allow employers to offer health plans that are not backed by adequate reserves. *OPPOSE / PASSED.*

10. **Continuing Appropriations Act, 2024 and Other Extensions Act (H.R. 5860)**

This short-term continuing resolution averted a government shutdown by funding operations until Nov. 17, 2023. It addressed the Republican blockade of bipartisan appropriations bills, extended the Federal Aviation Administration's authorization and safeguarded pay for federal firefighters. The resolution also extended critical health care programs, preventing hardships for workers, military personnel, air traffic controllers, and beneficiaries of the food assistance programs known as SNAP and WIC. *SUPPORT / PASSED.*
